Chapter 2272 (VERIFICATION)
NON-ABORTION AFFILIATION

Pursuant to Texas Government Code, Chapter 2272 the District is prohibited from contracting with any abortion provider or an affiliate of an abortion provider whereby the provider or affiliate receives something of value derived from state or local tax revenue. Any contract entered into by the District is void if the prospective vendor has such a prohibited affiliation or contractual relationship. By submitting a proposal in response to the request for proposal, you are certifying to the District that you do not have such an affiliation or contractual relationship.

This bill prohibits a governmental entity, including a school district, from entering into a taxpayer resource transaction with an abortion provider or an affiliate of an abortion provider.

Abortion provider means a facility licensed under Texas Health and Safety Code chapter 245 or an ambulatory surgical center licensed under Texas Health and Safety Code chapter 243, which is used to perform more than 50 abortions in any 12-month period. A facility is not considered to be an abortion provider solely based on the performance of an abortion at the facility during a medical emergency as defined by Texas Health and Safety Code section 171.002.

Affiliate means a person or entity who enters into a legal relationship with another person or entity created or governed by at least one written instrument, including a certificate of formation, a franchise agreement, standards of affiliation, bylaws, or a license, that demonstrates: (1) common ownership, management, or control between the parties to the relationship; (2) a franchise granted by the person or entity to the affiliate; or (3) the granting or extension of a license or other agreement authorizing the affiliate to use the other person's or entity's brand name, trademark, service mark, or other registered identification mark.

Taxpayer resource transaction means a sale, purchase, lease, donation of money, goods, services, or real property, or any other transaction between a governmental entity and a private entity that provides to the private entity something of value derived from state or local tax revenue, regardless of whether the governmental entity receives something of value in return.

Providing basic public services, including fire and police protection and utilities to an abortion provider or affiliate in the same manner as the services are provided to the general public is not a taxpayer resource transaction.

Advocacy or lobbying by or on behalf of a governmental entity on behalf of the interests of an abortion provider or affiliate is considered a taxpayer resource transaction, unless an officer or employee of a governmental entity provides information to a member of the legislature or appears before a legislative committee at the request of the member or committee; an elected official advocates for or against or otherwise influences or attempts to influence the outcome of legislation pending before the legislature while acting in the capacity of an elected official; or an individual speaks as a private citizen on a matter of public concern.

The bill does not apply to certain hospitals and licensed physicians or to a taxpayer resource transaction that is subject to a conflicting federal law as determined by the executive commissioner of HHSC and confirmed in writing by the AG.

Effective date: September 1, 2019.
